

World Water Day 2009

Lord Jesus,
you call us continually
to renew our Baptismal promises,
with the water of life,
that purifies and cleanses us.
It makes us your sons
and daughters.
Help us to understand the
gratitude of this gift:
Water that gives life,
Water that produces life,
Water that brings life.
Grant us Lord to
co-operate with your mission
in order that this water
comes to all,
as a song of your love.
We wish, ardently to
drink, to share, to take care of
and to give this water
in order to satiate
our thirst of you..
AMEN

Ana María Cajardo, ssa

Lord Jesus,
you call us continually
to renew our Baptismal promises,
with the water of life,
that purifies and cleanses us.

It makes us your sons
and daughters.

Help us to understand the
gratitude of this gift:

Water that gives life,

Water that produces life,

Water that brings life.

Grant us Lord to

co-operate with your mission

in order that this water

comes to all,

as a song of your love.

We wish, ardently to

drink, to share, to take care of

and to give this water

in order to satiate

our thirst of you...

AMEN
